INTRODUCING PATHWAY TO A MASTERS PROGRAM

INTERNATIONAL SCHOOL of MINISTRY

### Welcome

The testimonies worldwide from ISOM students and schools have been staggering. The original 5 Trimesters (now the ISOM Core) continue to strengthen and grow the Body of Christ in many languages and nations. The vision to turn churches into training centers, and then into church-planting centers, is taking root across denominations, church movements, and even people groups.

With this success, and with tens of thousands of ISOM students who have now graduated from the ISOM Core, many have asked for more revelation teaching that will help them deepen their faith. It is this demand, coupled with a mandate from God to mature His Church that has compelled us to develop new materials beyond the original ISOM Core.

### Pathway to a Degree Program

Over the last few years, ISOM has recorded more than 100 new sessions of material. We have also partnered with other key ministries that are equipping the body of Christ to bring 12 new Modules of material into our ISOM lineup. These new 32-session Modules are similar structurally to all ISOM Trimesters, but are different from the ISOM Core in that they explore a specific area of ministry, or capture the teachings of a single ministry leader.

In addition, as students and leaders proceed down this advanced path of training and discipleship, a Bachelors or Masters-level degree is being offered by our current partner institutions.

These new Modules, in conjunction with partnering ministries and training institutions, provide ISOM graduates worldwide with a Pathway to a Bachelors and Masters degree, and a means to lay hold of their calling in a new and practical way.

## MINISTRY MODULE

This module is the recommended starting point for all those entering the Pathway to the Bachelors program. Presented with practical wisdom and Spirit-led insight, topics include: how to prepare a sermon, hearing God's voice, the role of prophecy and the prophet in the New Testament, and capturing the heart of God for ministry.

## MIRACLE LIVING MODULE

The demand for more revelation teaching from Dr. A.L. Gill, lovingly referred to as "Papa Gill", has been enormous – and now ISOM students get 32 new, dynamic sessions! This entire module is taught in Papa Gill's vintage supernaturally-natural style.

## WOW ESSENTIAL MODULE

Women of the World was originally developed to equip and train women around the world, but many of the courses are also relevant to men. Drawing from the two WOW modules, WOW Essential chooses content that is relevant both to men and women.

*Note: When the ISOM recordings took place, to the best of our knowledge, the teachers were walking in truth and integrity. ISOM cannot vouch for any future acts of participating teachers.*

*We do know, however, that the teachings captured continue to produce wonderful fruit all over the world.*

**Credit** – In the United States, the ISOM does not function as an accredited training school. Rather it supplies curriculum materials for churches and other ministries to run their own training programs.

When ISOM materials are utilized in a training capacity according to a prescribed manner, then the course material can be submitted to certain schools and universities which may or may not accept the training for transfer credit.

NOTE: These Degrees are for religious training purposes only and are NOT government accredited.

## MESSENGER MODULE

John Bevere is not only a best-selling, prolific author, but is also a well-respected teacher. This module includes 3 classic Bevere series: Extraordinary, Driven by Eternity and Breaking Intimidation. The teachings were produced by Bevere's Messenger International ministry.

## MESSIANIC MODULE

It is highly recommended that ongoing ministry students have the opportunity to understand the Hebraic roots of their Christian faith. Who better to spearhead this emphasis than Rev. Perry Stone and his Voice of Evangelism ministry. In the module Perry Stone and others make Jewish and Biblical history come alive.

## NATION-2-NATION MODULE

This module, produced by World Impact Now (WIN) Ministries, headed by Brick Cliff, includes contributions from some of the finest instructors from Elim Bible Institute in Lima, New York. The courses bring forth revelation in the areas of marriage and the family, victorious living, and a wonderful overview of the Book of Romans.

## SPIRITUAL INTIMACY MODULE

*Requirement for a Bachelors and Masters degree from CLU*

This Module is produced by Christian Leadership University, and taught solely by Dr. Mark Virkler, Academic Dean of CLU, and a prolific author. His hands-on teaching style and publications centered on *How to Hear God's Voice* have impacted countless Christians worldwide.

## UNDERSTANDING ISLAM

12 ministries, headed up by Dr. Joshua Lingel, has produced probably the most strategic training tool available to equip Christians to reach Muslims with the Gospel. This Module is condensed from over 90 hours of university-level teaching. We have consolidated this comprehensive training into a 3-course module with some of their top teachers. The goal is to help Christians understand the teachings of Islam so they can effectively engage Muslims in meaningful and effective dialogue.

## APOLOGETICS MODULE

This is another great module from i2 ministries, and is a relatively new release. There are three legendary teachers in this module. The first is J.P. Moreland (9 sessions) who is one of the great thinkers of our day. Then there is Dr. Robert E. Coleman (10 sessions), a distinguished Professor of Evangelism and Discipleship. Finally there is Josh McDowell (12 sessions) who has delivered more than 26,000 talks to over 25,000,000 people in 125 countries.

## MATURITY MODULE

This Maturity Module has been many years in the making and may end up being one of the strongest collections of teachings that ISOM has ever released. Covering topics like Betrayal, The Severn Mountain Strategy, Confronting Life's Issues, Leadership Principles, The Miracle of Marriage, Sexual Wholeness and Healing and The Blessed Life.
